JACUZZI BROS. INC.

JACUZZI® BRAND IS AN ICON

Legendary for performance, reliability and ease of use, we set the standard by which all hydrotherapy is measured. While imitation may be the sincerest form of flattery, only 60 years of innovation can produce swim spa designs made to the demanding standards of the Jacuzzi® Brand.

WATER SYSTEMS

JACUZZI BROS. THE

HERITAGE

When the seven Jacuzzi brothers immigrated to the U.S., they had no idea that a pump they designed for orchards would revolutionize hydrotherapy in the home. While the family's critical need to change the life of a child triggered this therapeutic invention, a desire for wellness founded an industry.

CELEBRATING
60
YEARS
OF HYDROTHERAPY

The Jacuzzi family departs Italy for the United States and transforms the aviation and agriculture industries.

Jacuzzi soon became a household name thanks in part to repeated appearances on the national daytime television show, *Queen for a Day*, which boasted 20 million viewers. The Jacuzzi® Brand became an overnight sensation.

When Ken Jacuzzi, age 2, is diagnosed with rheumatoid arthritis, his father invents a portable hydrotherapy pump to provide pain-relieving hydrotherapy.

Through the years, the Jacuzzi® Brand has been awarded more than 700 patents, laying our foundation for unmatched hydrotherapy and leading to breakthroughs in jet engineering, design, and the technology.

With a foundation in health and wellness and a dedication to research and innovation, Jacuzzi continues to develop products that improve the lives of both high-performance athletes and everyday people while leading the industry as the most recognized brand in the world.

PERFORMANCE

Jacuzzi® premium products support the needs of high endurance athletes and teams who are committed to maintaining and improving their quality of life, both during and beyond their active careers through the power of hydrotherapy. Whether you're a professional athlete or a weekend warrior, Jacuzzi® products increase your ability to train, recover, relax and perform, harnessing water's natural ability to heal the mind, body and soul.

The Jacuzzi® Brand proudly partners with endurance athletes and professional teams around the world.

PRECISION SWIM

The best high-performance swim experience combines the latest aquatic technology with the expertise of Jacuzzi® PowerPro™ Jets for a predictable swim.

BALANCED SWIM JETS ■

Adjustable flow of the swim jets produces consistently smooth water simultaneously, so that you can maintain a steady swim without being pushed out of your swim lane.

REFLECTIVE HIPS ■

A unique shell design incorporates hips to stop reflective waves, so you can always enjoy the perfect swim.

FLOW RETURN SUCTIONS ■

Suctions towards the back of the swim spa pull the flow of water for a more predictable current.

STEADYSWIM™ BUOYANCY JET

A unique buoyancy jet combines just the right amount of air with an extremely predictable current to help elevate you into the proper body position so you can focus on perfecting your stroke.

HYDROMASSAGE

The combination of versatile PowerPro™ Jets, and our ergonomically designed seats, our products deliver an adjustable high-flow, low-pressure hydromassage and a powerful swim experience.

PERSONALIZED MASSAGE

To ensure you experience an optimal massage, our swim spas are engineered using dimensions from the average measurements of 90% of the population.

ANTHROPOMETRIC DIMENSIONS

MUSCLE STRUCTURE JET CONFIGURATION

ERGONOMIC SEATING

Seats designed to follow the contours of the body and recessed jets placed to perfectly match the muscle structure of the human form delivers a comfortable, premium hydromassage experience for most body types.

COMPLETE BALANCE

Using the Aqualibrium® Formula, each jet is individually calibrated to deliver the perfect balance of air and water, then precisely paired with the exact pump-to-jet ratio needed to ensure a balanced experience in each and every seat.

AQUALIBRIUM® FORMULA

Jacuzzi® Swim Spas feature four seats designed to follow the contours of the body. Adjustable pillows and recessed PowerPro™ jets placed to perfectly match key muscles used to swim deliver a comfortable, premium hydromassage experience.

RX JET THERAPY SEAT

Targeting common swim muscles, the spinning RX jet seat delivers comforting relief to the back and neck utilizing the highest performance hydromassage the Jacuzzi® Brand offers.

FX THERAPY SEAT

Alleviating swimmer's soreness in the neck, shoulders and back, the full coverage massage seat delivers a deep, adjustable, rifling, spiral stream of air and water.

CLEAN WATER

There are two options for clean water: a salt system generates chlorine from salt; UV-C technology gives you the choice to add the right dose of chlorine or bromine to meet your needs. Regardless of whether you choose chlorine or bromine, we combine ozone and UV-C technology to offer the most powerful clean water system available.

UV-C SYSTEM

- Nature-inspired technology neutralizes pathogens
- Works with traditional chlorine or bromine sanitizer for sensitive skin
- Same technology used in bottled drinking water, aquariums, and hospitals

SALT SYSTEM

VS

- Uses chemical reactions to generate chlorine from salt in preset doses
- Provides a soft, silky feel to the water
- Can be hard on equipment, corroding parts

OUR HANDS-FREE APPROACH TO WATER CARE

Ozone
+ UV-C

Active Oxygen

CLEARRAY ACTIVE OXYGEN™ CLEAN WATER SYSTEM

CLEARRAY Active Oxygen™ technology harnesses the power of air and light to work harder and clean the water longer. It's an advanced oxidation process that destroys contaminants and waterborne pathogens.

Hot Tub water is injected with a low-dose of ozone and mixed thoroughly. Ozonated water is then exposed to a UV-C bulb to energize the molecules. When ozonated water is treated by the UV-C rays, active oxygen is unlocked through a natural reaction called advanced oxidation.

Super-powered active oxygen destroys contaminants and water-borne pathogens to cleanse the water. The clean, clear water is then pumped back into the hot tub where it continues to clean and polish the water, breaking down the contaminants so it can be easily be removed through the filters.

4-STAGE FILTRATION PROCESS*

STAGES 1&2

The surface skimming weir and ProCatch™ bag work together to clean the surface while trapping large debris for easy removal.

STAGE 3

Two 60 square foot ProClear Filters help ensure clean, sparkling water quickly by catching tiny debris and particles that other filters miss.

STAGE 4

The ProStream™ circulation pumps pulls the water through a ProClear® filter that works to clarify water even when the jets are not running.

*Stages of filtration vary by collection.

CLEAN WATER

QUALITY

Jacuzzi® Swim Spas are designed for reliability, both inside and out. We believe that quality is only as good as the people, processes and parts behind the products. That's why our products are exceptionally engineered with the best materials to ensure a superior product.

ENERGY EFFICIENT ENGINEERING

The combination of a strong shell, foam insulation, SmartSeal™ insulation, insulated floor and fully-adjustable venting help boost eco-efficiency.

PROFUSION™ SHELL

Three layers of material for a strong, scratch-resistant shell

FOAM INSULATION

An air, moisture, and sound barrier adding structural integrity to pipes

SMARTSEAL™ TECHNOLOGY

Heat-reflecting insulation made for the coldest winters.

Reflective Hips

Shell design helps stop reflective waves for consistently smoother water

PowerPro™ Jets

Adjustable high-flow, low pressure hydromassage

Superior ProLast™ Covers

Custom fit to lock in heat and improve energy efficiency and safety

Programmable Filtration

Efficient self-cleaning technology filters more water in less time

ProFusion™ Shell

Three layers for a strong, scratch-resistant shell

Galvanized Steel Frame

Designed for durability and increased structural support

Superior Foam Insulation

Retains heat, absorbs noise, and supports plumbing

Durable ProPolymer™ Base

Impervious to nature and moisture, and makes installation easy

ALL SEASONS POOL

Jacuzzi® Swim Spas are engineered to be the most energy efficient swim spas in the world. Offering the perfect alternative to a traditional swimming pool, swim spas are an easy way to swim, workout, or just have fun all year long.

Swim spas are also very versatile when it comes to installation. Whether you choose to create an above-ground indoor pool retreat or a vaulted backyard pool paradise, your year-round pool can be installed just about anywhere.

INNOVATION

Compatible with wearable technology calibrated specifically for Jacuzzi® Swim Spas, the FORM Smart Swim Goggles not only track and analyze your results; you can view these stats in real-time on your optical display thanks to smart technology. An app also tracks stats and lets you analyze results and customize your swimming routine, all at your convenience, at home.

FORM SMART SWIM GOGGLES

Wearable technology calibrated specifically for Jacuzzi® PowerPro™ and PowerActive™ swim spas

TRACK AND ANALYZE RESULTS

- Optical display using smart technology
- Real-time analytics on your optical display (time, distance, pace, optional heart rate)
- Consistent feedback allows for uninterrupted workout

IN-APP GUIDANCE

- Track stroke rate, calories, time, distance and workouts
- Customize your swimming routine
- Workout in the convenience of home

COMPREHENSIVE FITNESS ALTERNATIVE

- Engage with other swimmers in the app
- Share workouts and results on social
- Use for swim and resistance training for all fitness levels
